### Laborers Will File Liens

The 50 or 60 laborers who had been employed by the Southern Oregon Construction company upon the irrigation ditches are preparing the papers, through Attorney W. T. Miller, and will file liens against the company this afternoon, according to the attorney. The claims of the men amount to about \$3,000, they having received their last pay checks on May 20, and the most of them having ceased work on June 10. Action was contemplated by the men several days ago, but upon the promise of cash by today the filing of liens was delayed. Payment not being forthcoming, it is now proposed to take legal action to protect the rights of the laborers.
